What happens in the winter?

In the winter, it starts to get windy.

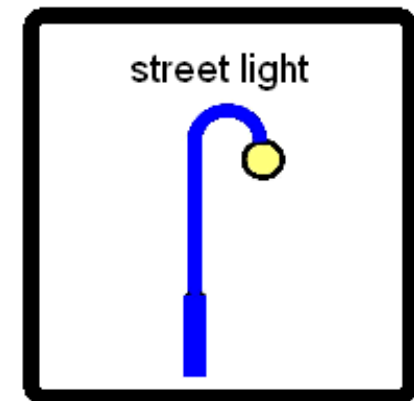

Soon, the weather gets cold, and we need to dress in warm clothes.

Dark clouds gather over the city.
A snow storm is coming!

Look out the window. It's snowing!

It can snow very hard in the winter. You can see the snowflakes by the streetlight.

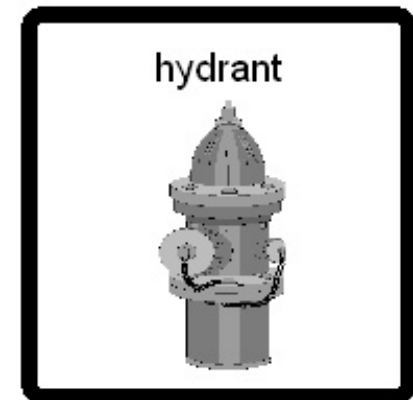

It snowed so much. The park is covered in snow!

The bridges and ponds are frozen too.
It's really beautiful.

In New York, the snow can get very deep.
It can almost cover the parking meters.

The fire hydrants get covered in snow too.

The streets get slushy from the cars driving on them.

Soon, snowplows will come to
clean the streets.

There are a lot of fun things to
do in the winter.

You can throw snowballs at your friends.

You can go sledding down a hill.

You can make pretty snow angels.

You can go ice skating at Rockefeller Center.

You can build a snowman.

Or you can go skiing in the park.

Or, you can just stay inside, and warm yourself by the fire.

Winter is my favorite time of year!
